- Quicker relief from different ailments with lesser dose
- Cost effective
- Eco-friendly method of treatment

Hair Oil

**Pain Relief &
Joint
Lubricant Oil**

Skin Malam

**Supplementary
& Energy
Booster**

Incubation Support:

M/s. Biological Research Innovation Centre and Solutions LLP has been incubated at CIRCOT- R-ABI under the 3rd Cohort of the RKVY RAFTAAR scheme and sanctioned as Ankur (Seed Stage) Funding Program of Rs 15 lakhs.

The incubation helped the startup to promote products in the market and the farmers set up the new products. The CIRCOT R-ABI expert's view helped the startup to channel the program on right track and expand the business idea to farmers all over India.

CIRCOT R-ABI promotes startups in various types of exhibitions across India and promotes their products in various universities, KVKs, scientists and other state farmers.

Founder:

Ayurveda has an age-old history in India since the 2nd Century BC. It is the most ancient, most widely accepted, practiced and flourished indigenous system of medicine which has been in prevalence globally since centuries. The ancient wisdom in the ayurvedic system of medicine has not been explored comprehensively and knowledge of the ayurvedic system of medicine can lead to new avenues in herbal drug discoveries. **M/s. Arde Patil Pharma Private Limited** has developed innovative ayurvedic and herbal medicines from medicinal herbs using well-defined extraction techniques. These drugs are isolated from medicinal herbs grown by farmers under contract farming. These herbs are used for the extraction of excipients using different techniques and different Ayurvedic medicines are prepared from them by distillation techniques with specially developed conditions. These techniques provide more concentrated and isolated drugs which provide the expected results to patients without any side effects.
