

Real time temperature monitoring device for reefer containers

(M/s. Techno Expert Solution: A Start-up Incubated and Financially Supported by CIRCOT R-ABI, Mumbai)

- Real time information access to both buyer and seller.
- Cost effective and ease of operation.
- Remote Data access though cloud storage

Product Range:

Incubation Support:

M/s. Techno Expert Solution has been incubated at CIRCOT- R-ABI under the 1st Cohort of RKVY- RAFTAAR scheme and sanctioned as Ankur (Seed Stage) Funding Program of Rs 12 lakhs.

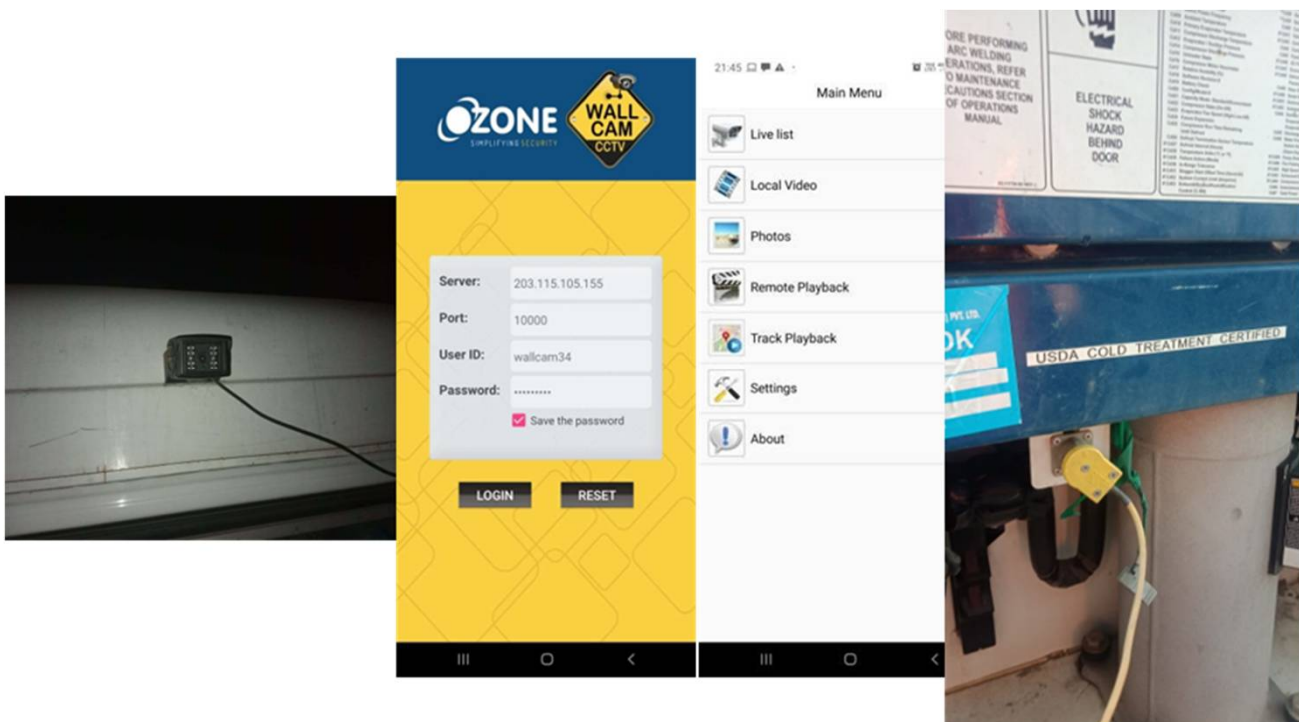

The incubation support helped the startup to promote products in the market and the farmers set up the new products. The CIRCOT R-ABI expert's view helped the startup to channel the program on right track and expand the business idea all over India. Expert's view is also supported and give ideas to startup to get maximum benefits from the products.

Founder

Mr. Bharat Shinde is an entrepreneur from Navi Mumbai, Panvel, Maharashtra. He found that Improper temperature management during transportation leads to loss of quality of agricultural commodities and the driver is unable to switch on/off DG set as per requirement. Traffic jams and congestion affects operation. Due to this quality is affected, business decreases and financial loss so he developed Real-time temperature monitoring device for reefer containers.
